

11th July 2007

Cheviot Asset Management has fought off stiff competition from Europe's finest wealth management firms to win the Most Effective New Market Entrant category at the inaugural Spear's Wealth Management HNW Awards.

Spear's Wealth Management is the award-winning quarterly for High Net worth and Ultra High Net Worth individuals. These awards are the first of their type in Europe, and were held at a private reception at Sotheby's. They recognise the private individuals and firms in the UK and Europe that have made a positive and significant impact in the private client world over the year. They are the names behind the rich lists – the gurus of wealth management.

Spear's Wealth Management HNW Awards 2007
